- It excludes companies which only dispatch Japanese personnel to Africa and also companies which establish local office for the implement of ODA projects.
- The list contains only major companies for the industries (construction, used-car export, travel agency, Japanese restaurants etc) in which there are many Japanese companies in Africa.
- It excludes management consulting, development consulting, accounting firms, non-profit projects, research projects and donation projects.

(2) Companies established by Japanese in Africa are included though they are not registered in Japan (Industry classification #29 below)

### Industry classification

- 1 Electrical, Electronic and Information, Heavy electricity
- 2 Optical and Precision Instruments
- 3 Medical, Medical materials and Examination machinery
- 4 Other machinery
- 5 Motor vehicles
- 6 Motor vehicle parts and other transportation related equipment
- 7 Iron and Steel, Non-Ferrous Metals and Fabricated Metals
- 8 Chemical products
- 9 Pharmaceuticals
- 10 Paper, Construction material, Glass and Cement
- 11 Textile, Garment and Leather
- 12 Foods and Beverages
- 13 Other manufacturing industry
- 14 Flower Industry
- 15 Agriculture, Forestry and Fisheries
- 16 Restaurant and Retail
- 17 IT, Communication and Contents business
- 18 Other service
- 19 Natural resource and Energy
- 20 Construction, Equipment, Plant and Engineering
- 21 Integrated Trading Company (Sogo Shosha)
- 22 Specialized and Middle size trading firm
- 23 Used car dealer
- 24 Marine transportation and Logistics service
- 25 Financial service
- 26 Travel agency
- 27 Media and Advertising agent
- 28 Import of specialty goods from Africa
- 29 Local businesses started by Japanese entrepreneurs

### Type of operation

- A Locally incorporated company, branch, representative office registered in Africa as well as local company invested by Japanese company  
The ratio of share and the number of Japanese personnel in the office don't matter.

Historical comparison:

## The Highest growth both company and location counts in 2019

\* Comparison of Type of operation A (locally incorporated company, branch, representative office)

Location counts: location count is not deduplicated for instances of a single company with presence in multiple African countries

Company counts: company count indicates the deduplicated total for Japanese companies with presence in at least one African country.

Japanese founder's companies: local company which is established by Japanese entrepreneurs and does not have presence in Japan

---

1. Electrical, Electronic and Information, Heavy electricity
